About NeuroMetrix

NeuroMetrix is a medical device company that develops and markets home use and point-of-care devices for the treatment and management of chronic pain and peripheral neuropathies. The Company is presently focused on diabetic neuropathies, which affect over 50% of people with diabetes. If left untreated, diabetic neuropathies trigger foot ulcers that may require amputation and cause disabling chronic pain. The annual cost of diabetic neuropathies has been estimated at \$14 billion in the United States. The company markets the SENSUS™ Pain Management System for treating chronic pain, focusing on physicians managing patients with painful diabetic neuropathy. The company also markets the DPNCheck® device, which is a rapid, accurate, and quantitative point-of-care test for diabetic neuropathy. This product is used to detect diabetic neuropathy at an early stage and to guide treatment. For more information, please visit <http://www.neurometrix.com>.
